

Van Der Graaf MkII: Quick-Start Guide

The Van Der Graaf MkII is much more than an accessory for your M2Tech units.

A clean power current is mandatory to squeeze the last bit of sonic quality from every hi-fi device.

The Van Der Graaf MkII delivers a crystal-clear current and also offers many features to make your M2Tech hi-fi system more comfortable to use.

User can easily set the Van Der Graaf MkII to power attached units in the desired order

Easy set-up options allow for instructing the Van Der Graaf MkII to sense the on/off IR commands from M2Tech remotes.

For more information, please visit M2Tech website www.m2tech.biz and download the full user manual.
